Modern, clear imagery that triggers emotions and clearly formulated messages that leave no question unanswered. This is how to make plant lovers happy. And happy plant lovers quickly turn into loyal customers who are happy to bring repeat business!

OUR CLEVER WATERING SYSTEM

FOR STRONG GROWTH.

GET READY FOR A FANTASTIC CHANGE AT YOUR POINT OF SALE:

LECHUZA is completely redesigning its presence in your store. We understand that your customers are looking for new ways to make their day-to-day lives easier, which is why our presentation is now clearer, more appealing and benefits-oriented than ever before.

A sweeping market study showed that your customers have previously associated LECHUZA with sophisticated design. The actual USP, the practical irrigation system, came in second place with survey participants. We are going to change this.

And we are going all out over the next few months: We have created a new package of measures and the core message "Enjoy your plants!" to put a clear spotlight on powerful reasons for buying LECHUZA. You can benefit too!
